Ask your counselor to see which CTE Pathways are offered at the high school you plan to attend or through DVHS.

Career Technical Education Pathway courses will be added to your Plan of Study.

If you select this option it may take you extra time to delete or move these pre-assigned courses.

Alternative to Step #3

Instead of choosing “Create a Plan From Scratch”

You can choose a “Local Program of Study”

After you submit your
Plan of Study your
counselor can review it
and make any needed
corrections.

You will
update your
Plan of Study
at least once a
year.

The **Plan of Study** is an
online resource for you,
your parent, and school
counselor to help you
plan to meet graduation
requirements and plan
for after high school.

The Plan of Study Does:

- Help you understand DoDEA graduation requirements
- Map out your academics plans
- Allow for your counselor and parent to view your academic plans online
- Provide another resource for college and career planning

The Plan of Study Does Not:

- Replace the course selection process. You will still fill out a paper to select courses for next school year.
- Substitute for your transcript. The Plan of Study is a planning tool.
- Substitute meeting with your school counselor. Get to know your counselor and ask all the questions you have about high school and beyond. School counselors want to help you plan for the future!

You can access your
Plan of Study and
other resources on the
Choices360 website to
help plan for both
College and Careers.
